

# Epson Discproducer

*"Discproducer's high reliability, superb print quality and cost-effectiveness make it the ideal system."*

Chris Randall, EventDV 2008

## A big performer in a small package.

Introducing the innovative, new desktop disc publisher from Epson that does it all.

Epson's compact Discproducer has all the features you need to print and burn up to 100 customized CDs or DVDs at a time. From its vibrant six-color inkjet printing and precision AcuGrip™ robotic arm to its easy-to-use software and unmatched reliability, you'll get the high quality results you're looking for every time. So don't wait. Find out more today at [discproducer.epson.com](http://discproducer.epson.com).
